PRIMARY SCHOOL

A home away from home with a hygienic environment for the young ones, Jeph Play School is a wonderful world of fun and learning. We plan and create activities that help growing children in developing learning abilities. At Jeph Play School we provide an enlightening and safe environment where children enjoy playing and learning. Play-centric activities foster the major domains of development such as social, emotional, language, cognitive, sensory, fine and gross motor development. We give children a new stimulating experience through good story books, ample play materials, music, puppetry, outings and a host of events conducted throughout the year. We motivate the children to learn with joy and to become confident, independent, friendly and well-mannered.

THE CURRICULUM

KINDERGARTEN

The most important period of life is from birth to the age of six where most of the learning happens. Jeph initiates this holistic journey which strives to have a profound effect on the child's future by providing the right context of learning through the ECCE.

ECCE (Early Childhood Care and Education) at the early childhood stage helps to ensure opportunities for holistic learning and growth. The ECCE programme needs to be determined by children's developmental and contextual needs, providing for more need based inputs and an enabling environment.

PRIMARY & MIDDLE SCHOOL

The contours of knowledge know no bounds. JIS recognizes this feature and gives each student rigorous exposure to group activities, seminars, visual learning and project works. The teaching process at JIS helps to garner and harness the varying potential within each student. The aim is to promote and intensify performance and encourage students to be fore-runners in all fields.

The channelised effort of the Jeph International School under the Central Board of Secondary Education is to transform every child into a responsible human being.
